Chairman.....	Arthur M. Wirtz
President.....	William W. Wirtz
Vice-President.....	Arthur Michael Wirtz, Jr.
Secretary-Treasurer.....	G. M. Knowles
General Manager.....	Thomas N. Ivan
Coach.....	William T. Reay
Director of Public Relations.....	Don Murphy
Season Reservations.....	Ella Finsen
Club Doctor.....	Dr. Myron J. Tremaine
Trainers.....	Charles "Skip" Thayer and Lou Varga
Chief Scout Western Canada.....	Cecil (Tiny) Thompson
Chief Scout Eastern Canada.....	Jack Davison
Scout	Jimmy Walker
Scout	Don Smith
Executive Offices.....	Chicago Stadium
Home Ice.....	Chicago Stadium
Largest Hockey Crowd.....	20,004 on Sunday, February 23, 1947. Boston 9, Chicago 4
Location of Press Box.....	Press Box is on West Side of Stadium
Dimension of Rink.....	188 feet by 85 feet
Ends of Rink.....	Lof-tuflex extends above boards all around the rink.
Nickname.....	Black Hawks
Club Colors.....	Red, Black and White
Uniforms.....	Have two sets of uniforms. Home Uniform — Base color White, trimmed with Black and Red. Away uniform — Base color Red, trim- med with Black and White.
Club Trains At.....	Chicago Stadium
Organist.....	Al Melgard
TV Channel.....	WGN-TV (9) — Jim West
Radio Station.....	WMAQ (670) — Lloyd Pettit, Bob Elson

ARTHUR M. WIRTZ

The Chicago Black Hawks have been one of Chicago's greatest assets as far as giving the city stature and glamour.

The past three seasons the Black Hawks have been champions of the West Division, winning the Campbell Cup, emblematic of leading their division.

Before that, the Black Hawks were in the East Division and in their final season in that division, won the Prince of Wales trophy, for leading the division. So, they can boast four straight championships.

Arthur M. Wirtz is Chairman of the Black Hawks and has been associated with the National Hockey League almost since its infancy. Along with his partners and associates he has played an important role in the development of hockey to its present popularity. He is a member of Hockey's Hall of Fame.

Through his pioneering efforts in the field, the Black Hawks have more games on television than almost any other team, with all road games plus three pre season games done live on WGN-TV. The Black Hawks also do all of their home games on radio on WMAQ.

Mr. Wirtz also has worked hard in an effort to add adequate parking to the area. These efforts have paid off to the extent that now there is more than enough parking space within a block and a half of the Stadium. He also installed new lighting throughout the area to make it convenient for the customers.

WILLIAM W. WIRTZ

William W. Wirtz assumed the presidency of the Black Hawks in 1967 and in those seven years that he has been the chief operating officer, the Black Hawks have won five league or division championships.

Besides his almost never ending involvement in the day to day operations of the Black Hawks, Bill Wirtz has just completed two years in which he was chairman of the National League Board of governors. During his term the league undertook many innovations and expansion programs which have helped create the highest rate of popularity in the sport in its history.

Bill always has time to work closely with General Manager Tommy Ivan and Coach Billy Reay in keeping the Black Hawks top contenders in the league as well as in their own Western Division.

Michael Wirtz is a Vice President of the Black Hawks and like his brother has grown up with the sport and the team.

Arthur Morse is General Counsel of the Chicago Black Hawks and also serves as the alternate Governor of the National Hockey League.

Arthur has long been associated with sports and is responsible for the development of the College Double Header Basketball games which are played in Chicago Stadium. He is assistant athletic director of Loyola University.

MICHAEL WIRTZ

ARTHUR MORSE

THOMAS N. IVAN

GENERAL MANAGER

Born: Toronto: Ont.

Jan. 31, 1911

THE BLACK HAWKS have been so successful on the ice and at the box office during the last 15 years that it's hard to realize they were the NHL's weakest team in the mid-1950s. It was at that time that the team's new owners, Arthur M. Wirtz and his partners, decided to rebuild the team no matter how great the expense.

They first needed a man who could pick the right players, and they found him in Detroit, where he had coached the Red Wings to three Stanley Cups and six NHL championships. During his 26 years in the league as scout, coach and general manager, Tommy Ivan faced the biggest challenge of his career when he became the Hawks' GM in 1954.

IVAN'S RECORD speaks for itself. Under his direction, the team acquired and developed players who brought the Black Hawks the Stanley Cup and five first-place finishes. He also has molded the Dallas Black Hawks into a consistent winner and producer of top talent.

Before coming to Chicago, Ivan was an outstanding player in the Canadian Amateur Association Senior Series when an injury ended his playing career. He was a scout in the Detroit organization and piloted teams at Omaha and Indianapolis before moving up to coach the Red Wings in 1947.

FINISHING IN FIRST place 11 times in 26 years as coach or general manager certainly marks Tommy Ivan as one of the NHL's outstanding executives. He has shown an uncanny ability to acquire the right player at the right time, and the Hawks showed an ability to acquire the right general manager at the right time.

A quiet, unassuming man, Ivan speaks with as much authority as any hockey executive because his record does all the talking.

Most of the other general managers and coaches learned their trade under Ivan.

Tommy and his wife, Dorothy, live in Lake Forest.

WILLIAM T. REAY

COACH

Born: Winnipeg, Man.

Aug. 21, 1918

AT THE START of the season, the coaches of the other 15 National Hockey League teams had a combined tenure of approximately 13 years in their present positions. Meanwhile, Billy Reay was starting his 11th year with the Black Hawks.

The dean of NHL coaches has also been Hawk coach longer than any of his predecessors, in fact longer than the first 10 of them combined. Reay has achieved these distinctions because he is a competitor, winner and has the player's respect.

AFTER A STINT AS player-coach of the Quebec Aces, he became a center with the Canadiens, where he had the additional distinction of scoring four goals in a playoff game. A 155-pound player, Reay developed an understanding and liking for players who overcome limitations through desire and hard work, and such players have been the backbone of his Hawk teams.

When he retired from NHL play in 1953, Reay embarked on a coaching career that took him to Victoria, Seattle, Rochester, Toronto, Sault Ste. Marie and Buffalo—winning trophies along the way and gaining the attention of the Black Hawks.

FROM THE HAWKS' Buffalo farm team, Billy took over as the parent-team coach in 1963. His 10 years with the Hawks have brought five first-place finishes, the last four in succession. Yet no coach has ever been quicker to give credit for victory to his players and take the blame for defeat himself.

Bill is a sports fan in every way. In the off-season he can talk football, baseball or even harness racing with the experts.

Billy lives in Chicago with his wife Clare and son, Bill Jr., who is a senior at Wisconsin and a member of the university's hockey team. He also has a married daughter in Toronto.

MEET THE TRAINERS

CHARLES (SKIP) THAYER

LOU VARGA

Charles, (Skip) Thayer, 31, is the first hockey trainer in the NHL to be college trained. He took his degree from the University of Maine and his Masters from Indiana University. After serving as trainer for all sports at Colby College in Waterville, Me., he joined the Black Hawks four years ago.

Skip has three sons. Scott 10, Stephan 6 and Gregory 3.

Lou Varga served as the trainer for the Black Hawks' Central League entry for five years in St. Louis and Dallas. He and Skip Thayer combine their talents as trainers for the Black Hawks and Lou also handles the equipment. He also will be starting his fifth season with the parent Black Hawks. He and his wife Helen recently bought a house in the suburbs.

23

JEAN PAUL BORDELEAU

RIGHT WING

Shoots right 6' 1" 175 lbs.

Born: Noranda, Que.

June 6, 1949

The Black Hawks' top amateur draft choice four years ago, J. P. Bordeleau is one of the fastest men in the league and also one of the most illusive when it comes to setting up scoring plays.

Last season was his first full year in a major league uniform with the parent club and he came up with 15 very important goals. He had 41 with Dallas the year before and has proven to every one that he has the knack of goal scoring.

J. P. is married and he and his wife Mary have one daughter, Nicole, now almost two years old.

Serving on several different line combinations last year, J. P. proved that he is willing and able to help the Hawks in many ways, especially when it comes to scoring goals and giving the team the extra speed needed in the clutch.

His hobbies include golf and other sports.

26

GARY DONALDSON

Shoots right 5'9" 155 lbs.

Right Wing
Born: Trail, B.C.
July 15, 1952

Robert Gary Donaldson arrived at Black Hawk training camp last season unheralded and unsigned. But after Billy Reay saw him skate a few times around the Stadium rink, the signing was a mere formality.

He spent a year at Dallas and helped the Texas Black Hawks win another league title with 15 goals and 29 assists.

This year he again came to camp with no fan fare but after the first exhibition game in which he potted two goals and the second one in which he scored the tying goal against the Stanley Cup Champion Montreal Canadiens, he was no longer just No. 26 trying to find a spot on the end of the bench.

His speed and aggressiveness could make Black Hawk fans remember the great Kenny Wharram whose career was shortened by a heart condition.

He now hails from Kamloops, B. C. In case you were wondering . . . that's right near Criss Creek and Copper Creek.

Gary credits his parents with his success in hockey. His dad got him skating when he was three and bought him the whole hockey outfit when he was six. They got a collect call the night he tied Montreal.

30

MICHEL DUMAS

GOAL

Shoots Left 5'9" 165 lbs.
Born: St. Antoine De Pontbriand, Que.
July 8, 1949

Probably the biggest moment in the short professional career of Michel Dumas came this past summer when the Hawks dealt No. 2 Goalkeeper Gary Smith to the Vancouver Canucks in the Dale Tallon deal.

"I knew then that I would have a good chance to make the club this year," admitted the young netminder.

And that he does.

A stand up goalie, Michel spent all of last season at the Hawks' Dallas affiliate. In 37 games he posted a 3.00 average, after having what he admits a bad first half season.

Dumas also spent the 1971-72 campaign with Dallas, after playing the previous two years with the Dayton Gems of the International League.

A short stint with the Oklahoma City Blazers of the Central league was sandwiched in between the Dayton years.

Michel is pleased to have Mike Veisor as a friendly "competitor" for the Hawk back-up slot, believing that the added pressure of another man's presence makes him work that much harder.

"I really don't pattern myself after anybody," says the man with the quick glove hand. "I just try to do the job."

The St. Antoine De Pontbriand, Quebec, native and his wife now make their home in Thetford Mines, Que., where Michel played junior hockey.

35

ANTHONY JAMES ESPOSITO

GOAL

Shoots left 5'11" 185 lbs.

Born: Sault Ste. Marie, Ont.

April 23, 1944

As baseball depends on pitching, hockey needs good goal tending and Tony Esposito gives the Black Hawks that extra something in his four seasons here that has kept the team a contender, in fact finishing in first place in whatever division they were playing at the time.

His rookie year with the Hawks was one of the most phenomenal efforts in all sports, scoring a record 15 shutouts and leading the Hawks to the East Division title. He has two Vezina trophies to his credit and he also proved against the Russians that he is the NHL's prime goal tender when victory is needed.

It would be hard to describe Tony's style of goal tending. Probably the easiest way would be to say he gets the job done in any way necessary to keep pucks out of the net. One of the most savvy athletes in sports, he has studied the styles of all goal scorers and can almost give you a film of just what a certain player will do when he comes at him. He adjusts to each situation rather than relying on any one method.

Unlike most goalies, Tony is "normal" when it comes to talking to people, even right after a game when most goalies are wound up so tight they shy away from interviews.

Tony will tell you right out what went wrong, but mostly he will take complete blame for a goal. "After all, I had last chance to stop it so if they scored, it was my fault."

A graduate of Michigan Tech, Tony joins the long ranks of college players that the Hawks have developed over the years.

Tony and his wife, Marilyn own their own home in Elmhurst and have two boys, Mark and Jason Patrick.

6

LEN FRIG

DEFENSE

Shoots Right 6' 190 lbs.
Born: Lethridge, Alta.
Oct. 30, 1950

"That wasn't really pressure. Not at all. All you do is go out there and play your game."

That's how big Len Frig described his elevation to the Hawks from the Dallas farm club during last year's Stanley Cup playoffs.

Frig, a cool customer indeed, scored a goal during his playoff tenure, as well as handling his blue line chores like a vet.

But then Len sees himself as something of a puck carrier, not necessarily great speed, but enough to put some points on the board.

Len put 32 points on that board last year at Dallas where he scored 10 goals.

Len turned pro in 1971-72 with Dallas, after spending two seasons with the Lethridge Sugar Kings of the AJHL and two others with the Calgary Centennials of the WCHL.

His most important asset is his size, 6 feet 190 lbs., and that's why Len feels he has a fair chance to be a Hawk for years to come.

Even during his short stay with the Hawks, Len picked up some valuable tips.

"Billy Reay has shown me quite a lot," he said. "And he gives me a chance to prove myself in camp. It's all up to me."

Married, Len and his spouse still make their home in his native Lethridge, Alta.

10

DENNIS HULL

LEFT WING

Shoots left 6' 198 lbs.

Born: Pt. Anne, Ont.

November 19, 1944

No hockey player brings more fear into the hearts of goal tenders than this hard driving, hard working, otherwise unassuming left winger now starting his ninth year with the Black Hawks.

Dennis Hull has wreaked more damage on goal tenders than any man alive with his shot which has been acclaimed the hardest in hockey. Goal tenders have been strewn from one end of the league to the other from shots which have knocked them cold even with the mask protecting them from otherwise serious injury.

Dennis scored 39 goals last year while working with the highest scoring line in the NHL, known as the MPH line with Pit Martin and Jimmy Pappin. His 90 points was by far his best season in the league although he did have more goals (40) in 1970-71.

A very successful rink operator, Dennis has a hockey rink on the southwest side of the Chicago area and operates a hockey school there in the summer.

On first contact one gets the impression that Dennis is quite shy as well as humble in dealing with other people. But as you get to know Dennis better, you find that he has a sense of humor second only to Bob Hope himself. In fact, Dennis has developed into one of the best after-dinner speakers in sports. His quips are spontaneous and show that he can think on his feet, adding to his fast building reputation as hockey's top wit.

While Dennis is obviously a great goal scorer, his work on defense and his willingness to sacrifice himself for the entire team is a part of his value to the Black Hawks that is many times overlooked.

Dennis lives in the western suburbs with his wife, Mary Sue and their two children, Martha and John.

4

DOUGLAS JARRETT

DEFENSE

Shoots right 6' 3" 205 lbs.

Born: London, Ont.

April 22, 1944

This big, good natured Black Hawk could well be the most underrated player in the entire National Hockey League.

Always a Black Hawk, playing his amateur days in St. Catharines with his buddy, Dennis Hull, Doug moved right to the parent club when he turned pro and has been a main cog in the Hawk defense ever since 1964-65.

Although he is considered more a defensive type of blue liner, Doug has the skating ability and stick handling poise to be a play maker when the situation develops. His size also makes him big enough to be tough when necessary, but his penalty minutes point to the fact that he doesn't go out of his way to do violence to opponents.

His hip checks have become a thing of beauty in the Chicago Stadium and he has been aptly labeled "Chairman of the Boards" as he pins his opponents between his hips and the dasher on their way toward the net.

Last season he missed 25 games because of a back and leg injury and it was during that time, that Hawk fans began to realize his real worth to the team.

Doug and his wife, Mary Lou, live in Melrose Park where they own their home and raise their five sons, Doug Jr., Michael, David, John and Robert.

20

CLIFFORD EUGENE KOROLL

RIGHT WING

Shoots right 6' 190 lbs.
Born: Canora, Sask.
October 1, 1946

Cliff Koroll has been a very important part of the Black Hawk scoring machine. This fact is best borne out in reviewing the team's great streak of 229 games plus 34 Playoff games when the Hawks were not shut out.

It was Cliff, ol' No. 20, who saved the streak on six different occasions, once coming at 19:02 of the final period.

Another example of his "clutch" type of play is the fact that if he went through a long dry spell as far as scoring goals, he would break out of it against a Boston, or Minnesota or in some other important game.

Cliff is another of the many college developed players, coming to the Hawks from Denver U., along with his buddy, Keith Magnuson.

Cliff had 33 goals last season for his best year so far in his four major league seasons with the Hawks.

He was married just before last season began and he and Lynnae live in the northwest suburbs.

17

DAVE KRYSKOW

LEFT WING

Shoots Left 5'10" 175 lbs.

Born: Edmonton, Alta.

Dec. 25, 1951

One of the players the Hawks are counting on for big things in the future is left wing Dave Kryskow.

And Dave gave Chicago fans and brass alike an indication of his scoring power as he notched single goals in games 5 and 6 of the Stanley Cup Finals last May.

Having spent most of his 1972-73 season at Dallas, the scrappy left winger was called up during the regular season and again for the playoff.

In 52 games at Dallas, Dave notched 34 goals and 28 assists, his 62 points being 9th in the Central League scoring race.

An additional goal in 11 Hawk contests rounded out the year for the gifted youngster.

Born in Edmonton, Alberta, where he still makes his home, Kryskow always had visions of the NHL in the back of his mind.

"A kid starts to play when he's very young and before you know it, he's taking the game seriously," said Dave. "That's the way it was for me, the NHL being sort of a goal to shoot for."

After a summer of relaxation, Dave finds himself ready and willing for the fight to earn a job with the Hawk varsity.

"I think I have a chance to stay here all year," he said. "But what is important is what you do on the ice."

An athletic background has been a part of Dave's life, having played basketball and baseball while in school.

Known as a smooth skater and stickhandler, Dave has a good chance to remain with the big club.

Dave and his wife, Elaine, have one daughter, Pamela.

3

KEITH MAGNUSON

DEFENSE

Shoots left 6' 185 lbs.

Born: Saskatoon, Sask.

April 27, 1947

While Keith is known for his huge numbers of penalty minutes rolled up in past seasons, he is really a much more polished defenseman than critics are willing to acknowledge.

He is the type of athlete who gets himself "revved up" for a game and during the battle will do anything within reason to win. He will go after any one in sight, whether it is an opposing player or an official if he feels his team is unduly hurt.

Thus, he piled up many misconducts as well as the regular roughing or boarding penalties that defensemen would get.

But with the help of Coach Billy Reay, Keith has been learning to control his instincts and cut down considerably on his penalties last year, although they still totaled 140 for one of the highest totals in the league.

Meanwhile Keith is really one of the better defensemen when it comes to using his head as well as his body. He anticipates plays as well as any one and many times gets in the right place through his natural instincts as an athlete to break up plays.

His reddish hair and boyish grin make him one of the most popular athletes in Chicago and the fact that he is still an eligible bachelor doesn't hurt his image with the female fans.

He works for Seven-Up Bottling Company and during the off season devotes most of his time with that company in promotional work. He is known as the Man from Uncola.

One of the many college players on the Hawks, he was a teammate at Denver U. of Cliff Koroll. They are still very close although Cliff left the bachelor ranks last year.

16

RONALD (CHICO) MAKI

FORWARD

Shoots right 5'9" 172 lbs.
Born: Sault Ste. Marie, Ont.
August 17, 1939

Chico Maki has the distinction of playing his first game for the Black Hawks during the 1961 Playoffs when the Hawks won their last Stanley Cup.

Since then he has been one of the most important parts of the Hawk machine, serving in many different roles and filling in wherever Billy Reay decided he needed him.

Chico played center when he first came up and from time to time has filled in at that position. However, he likes right wing best. He has even played left wing on occasion and since he is one of the fastest men in the league, he has been able to do a better than adequate job wherever he played.

Although Chico has never set any scoring records, his shot is actually very underrated. On a given play, Chico can put the puck where he wants it as well as any forward in hockey. But he has spent most of his career setting up other scorers, he has been in the habit of passing off more than shooting.

His biggest scoring season was 1970-71 when he registered 22 goals. Last season he had 13.

Chico began his career with the Hawks' junior team in St. Catharines and then went to Buffalo where Billy Reay was coaching. From there he moved to the Parent club and has been a Black Hawk all his life.

Besides being one of the most versatile players in hockey, Chico also possesses a tremendous sense of humor and is especially a big help with younger players in helping them loosen up.

The Maki's, including Chico's wife, Nancy, have three sons, Mike, Steve and James.

11

JOHN MARKS

DEFENSE

Shoots Right 6'2" 200 lbs.

Born: Winnipeg, Man.

Mar. 22, 1948

Left wing, right wing, defense. You name it, John Marks played it with the Hawks last year.

In 53 games with the big club, John had 3 goals and 13 points, spending most of his time on the backline. But in the playoffs, Marks scored a goal and assisted in two others to play an important role in each game.

While he can play other positions, John really prefers defense.

His size, 6'2" 200 lbs., can't hurt him in any way. John enjoys hitting, and won't back down from any opponent.

The Winnipeg, Man., native fulfilled a life-long ambition by playing with the Hawks last year. And he won't forget his time as a forward.

"I was fortunate enough to play on a line with Stan Mikita and Cliff Koroll," said John. "What more could you ask for? Just being with them was like a dream come true."

John served a two year apprenticeship at the Hawks' Dallas farm club after signing a contract right out of the University of North Dakota.

Married, John now resides in Detroit Lakes, Minn., with his wife, Cathy.

No matter where he plays this year, John will be a great asset to the Hawks.

7

HUBERT (PIT) MARTIN

CENTER

Shoots right 5'9" 170 lbs.

Born: Noranda, Que.

December 9, 1943

Last season the MPH line scored 272 points for the top total in the NHL. And it was Lil' Pit who made most of it possible.

Pit Martin can probably do more things with a pair of ice skates and a hockey stick than any human being. He is fast, he is smart, his shot is one of the best, and his 11 years experience in the National League makes him a valuable asset to any team.

Playing with Dennis Hull on the left and Jimmy Pappin on the right, Pit's line became known as the MPH and they went 100 MPH for the season, Dennis scoring 39, Pit 29 and Pappin 41.

While many other players in the league reap the benefits of the press clippings, Pit just rolls along. He can hold his own with any center in the league. The phrase "underrated" is many times over used and in some cases is a cliché for "just ordinary." But in Pit's case it is certainly true that he is underrated by everyone but the Hawk management. No one has to remind Billy Reay of how valuable this wirey little guy is to the team.

A college graduate from Windsor U., Pit has a very slight French accent that lends a certain flavor to his speech. His wirey frame gives him the physique to make almost any suit look like it was designed only for him. He dresses immaculately and looks more like a bank president than an athlete.

He and his wife Pat have two daughters, the second one born just before the playoffs last year.

21

STANLEY MIKITA

CENTER

Shoots right 5'9" 170 lbs.
Born: Sokolce, Czechoslovakia
May 20, 1940

Stan Mikita begins his 15th year with the Black Hawks and he has never played for any other organization since his junior days in St. Catharines.

In fact, he has had only two coaches in his time with the Black Hawks, and Tommy Ivan has been his only general manager.

His four scoring championships and his two Hart trophies as well as the two Lady Byng laurels speak for themselves. He has been on nine All Star teams and has scored 401 NHL goals.

Few athletes can do as many things as well as Stan does. Although he missed 20 games last year with a broken heel, he still finished with 83 points including 27 goals.

He is very active in work with retarded children. Stan tries to give the impression that he is a hard nosed guy, but he is really a soft touch for any good cause. The only thing about it, he doesn't like big deals made of his good deeds.

His biggest outside income source is probably the Stan Mikita helmet which he perfected and put into mass production.

While he has perennially been one of the NHL's top scorers, his proudest achievements for himself as well as his line come on defense. He hates it when the opposition scores while his line is on the ice and is constantly on his line mates to improve their checking.

Much has been written about Stan coming to St. Catharines from Czechoslovakia when he was eight and having to fight for everything he has, while he was learning English. He refers to himself as "that little D.P." But don't anyone else ever say it.

Stan and his wife, Jill, have a home in the Western suburbs where they live with their four children, Meg, Scott, Jane and Christopher.

12

LYNN POWIS

LEFT WING-CENTER

Shoots left 6' 175 lbs.

Born: Maryfield, Sask.

July 7, 1949

The Black Hawks may gain prowess with Powis power.

The boyish-looking blond-thatched rookie from Maryfield, Saskatchewan has worked his way into the Chicago lineup.

Powis, normally a center, was shifted to left wing by Billy Reay.

"It seems whenever a player gets a writeup — he's shipped elsewhere. I like to go unnoticed and stick with the club," laughed the 24-year-old Powis.

Lynn is another of the growing alumni from the University of Denver to make the grade with the Hawks. He joins Cliff Koroll, Keith Magnuson and rookie Bob Palmer, other Denver grads on the roster.

Powis' wife is from California and didn't want to go east. The Canadiens then sold me to the Atlanta Flames. He wound up at Omaha and had a pretty good season.

Powis powered home 34 goals and had 40 assists for 74 points. The unnoticed Powis was soon noticed by the Hawks.

JAMES JOSEPH PAPPIN

RIGHT WING

Shoots right 6'1" 190 lbs.

Born: Sudbury, Ont.

October 10, 1939

Only one other player has ever scored more goals than Jimmy Pappin did in one season for the Black Hawks. His 41 goals last year helped give his famous MPH line 109 for the season so they were going at 109 MPH.

Also it gave them the league high of 272 points for the year. His 92 led all Hawks.

Even with all this James has not been completely appreciated by Chicago fans. Most of his poor press comes from the fact that he doesn't seek personal glory. He is a little blunt with most reporters and many of them confuse his press relations with his hockey talent.

But none of this worries Ol' Jim, who has only one thing in mind and that is winning hockey games. When he first came to Chicago he was leaving his native Toronto area and it was a shock not to be in familiar territory. But gradually he has adopted Chicago, spending most of his off season with other Chicago athletes, playing golf and enjoying himself.

Few players have more of a knack for putting the puck in the net. He seems to always be in the right place especially in situations where a goal is needed to tie or win the game.

With Pit Martin setting him up, Pappin has never been afraid to make an unorthodox move just to foil the opposition. When the play backfires Pappin might look bad personally. This is one of the reasons fans have not understood him. He has always been willing to sacrifice his own glory for the team's benefit.

Jimmy lives with his wife Karen and two children, Merrill and Arnie in the northwest suburbs.

15

RICHARD REDMOND

DEFENSE

Shoots left 5' 11" 178 lbs.

Born: Kirkland Lake, Ont.

Aug. 14, 1949

Dick Redmond joined the Hawks after the start of last season and gave them a solid man at both defense and left wing. He scored a total of 12 goals and 32 assists for 44 points between Oakland and Chicago. But his biggest thrill came in his very first playoff game when he picked up the hat trick against the Blues.

Brother of the high scoring Detroit forward Mickey Redmond, Dick doesn't have to be modest about his own goal scoring abilities.

An avid guitar fan, Dick plays both the guitar and piano himself, and loves all types of modern music. Other hobbies include golf, water skiing, bicycling and building model airplanes.

He played his junior hockey at St. Catharines and this is one of the reasons the Hawks took an interest in making a deal for him since he had worn the famous Indian Head on his jersey as an amateur. In fact he scored 31 goals as a left winger in his last year in Junior A hockey.

His wife's name is Debbie. They spend their summers in Peterborough, Ont.

18

DARCY ROTA

LEFT WING

Shoots Left 5'11" 180 lbs.

Born: Vancouver, B.C.

Feb. 16, 1953

"Ever since I've been eight years old I've wanted to play for the Black Hawks. This is like a dream come true."

Thus the Hawks' first round amateur draft choice, Left Wing Darcy Rota, summed up his feelings as the newest member of the Hawk family.

"If I work hard, I'll have a chance to be a member of the team," he said. "Dedication is very important."

Darcy, whose cousin Randy is a member of the Los Angeles Kings, comes to the Hawks from the Edmonton Oil Kings, and was a teammate of Phil Russell and Brian Ogilvie.

Darcy was fourth in his league (WCHL) in total points with 129, but finished first with a whopping 73 goal output. His 104 penalty minutes show that he's aggressive, too.

Touted highly by all big league teams, the Hawks were fortunate enough to pick Darcy when their turn came. He was the 13th over-all player chosen.

A crafty stickhandler and smooth skater, Darcy is expected to continue his goal scoring any place he plays.

Born in Vancouver, B.C., Darcy now makes his home in Prince George, Sask.

Darcy Rota could be a fixture on the left side for his "dream team" for many seasons to come.

5

PHIL RUSSELL

DEFENSE

Shoots left 6'2" 200 lbs.

Born: Edmonton, Alta.

July 21, 1952

While other rookies were getting all the publicity, Phil Russell was rolling along as possibly the very best of all the freshman crop that came to the NHL last year.

Billy Reay learned many years ago that too much publicity for youngsters can put pressure on them. So, it wasn't until the playoffs that newsmen started to recognize Russell's abilities because no one had tried to build Phil up in the propaganda mills.

It is always tough for a youngster to step out of the amateurs into a regular NHL job, but is especially hard for defensemen. But Phil was a regular blue liner for the Hawks from the first game of the season and looked like a veteran most of the time.

Besides the necessary skills that most defensemen have, Phil also has the ability to skate the puck out of his end and when he shoots, it is usually on or near the net, giving his teammates the benefit of rebounds.

Phil is quiet, but when he has something to say, he isn't afraid to speak up and give his opinion on a particular subject.

Still single, Phil is a very important part of the Hawks' young bachelor corps.

19

MICHAEL DALE TALLON

CENTER

Shoots left 6'1" 205 lbs.

Born: Noranda, Que.

October 19, 1950

Three years ago two new NHL teams had to decide between the two best amateur players in all of hockey. Gil Perreault drew the No. 1 attention and is now possibly the best player in the entire NHL. So, what does that make Dale Tallon?

To give you an idea, this big handsome Irishman scored 56 points as a defenseman with an expansion team his first pro year. In the past two seasons he was shifted from one spot to another and never had a chance to really find himself.

Billy Reay hopes to keep him at center and his size, speed, and aggressiveness could put Dale in the top rungs of the league and make Chicago fans relax about the pivot position.

One of Canada's top golfers, Dale now joins Stan Mikita to give the Hawks possibly the best 1-2 golfers in the league.

Dale's dad played some pro hockey under the great Eddie Shore.

He collects art, likes movies, especially with Marlon Brando and is a very eligible bachelor.

2

WILLIAM WHITE

Defense

Shoots right 6'1" 195 lbs.

Born: Aug. 26, 1939

Toronto, Ont.

Possibly the most underrated player in the entire National Hockey League, Bill is one of those guys who is always in the right place at the right time and most people don't even notice him because he's doing his job. He is definitely not the type to catch the eye of the Eastern Establishment Press and thus the headlines go to others while he wins games for his team.

Tommy Ivan and Billy Reay had their eyes on White for several years, even in the days when he played for the hard nosed Eddie Shore. The opportunity came when they were able to make a trade with L.A.

Since then, White has been the back bone of the Hawk blue line corps and is especially valuable now in breaking in such youngsters as Phil Russell. Phil teamed with Bill much of last year and is now considered as good a sophomore as there is in the league, thanks to White's patience and helpful tips.

Tall and quiet, Bill can also skate with the puck when the occasion arises. He usually ends up near the 10 goal mark which is great for a defenseman and especially one who is noted mostly for his offensive play. White was also one of the big stars in the Russian games last year when he was finally used.

1

MIKE VEISOR

GOAL

Shoots Left

5'9"

158 lbs.

Born: Toronto, Ont.

Aug. 25, 1952

Most Canadian youngsters dream that someday they will perform in the NHL. Mike Veisor has the same dream, but with an added twist.

"I hope to be the first Jewish goalie in the NHL," Veisor states proudly.

And his chances are good, for with the sending of Gary Smith to Vancouver, the Hawks are searching for a "relief pitcher" for the one and only Tony O.

Mike is competing with Michel Dumas for the job, and he wouldn't want it any other way.

"That's the way things are around this league," said Veisor, "I like to fight for the job. At least I know I have a good opportunity here."

A small (5'8" 158 lbs.) quick man, Mike spent the past season as a running-mate to Dumas at the Hawks' Dallas farm club.

The two netminders split the year evenly, with Veisor compiling a 2.75 average during his 2160 minutes. He also had 4 shutouts.

Mike's past experience includes junior training with the Hamilton Red Wings for two seasons and one with the Peterborough TPT's.

This is Mike's second training camp with the Hawks, and his big chance to face the NHL "big guns," as he calls them.

Born in Toronto, where he still makes his home, Mike and his wife, Donna, have a young son, Michael Jr.
